The Navy League - National Capital Council is the foremost citizens' organization to serve, support and stand with all the sea services of the United States. Founded in 1902, the Navy League has three missions: to enhance the morale of active duty personnel and their families; to inform Congress and the American public on the importance of strong sea services; and to support youth through programs such as the Naval Sea Cadet Corps, Junior ROTC and Young Marines that expose young people to the values of our sea services.

The Navy League - National Capital Council works to accomplish this mission locally in Washington, D.C. Specifically, we proudly support Navy, Coast Guard and Marine commands across the area, as well as the sea service military spouse organizations in our nation's capital. Additionally, we fully fund six Sea Cadet units, sponsor Navy, Coast Guard and Merchant Marine ships, and provide a number of youth scholarships. As one of the largest and most active chapters in the Navy League, our volunteers diligently work to promote and support the sea service community in Washington, D.C.
